## The following information is required for authorization for Entyvio:

- Proof of patient's negative latent TB test. If the test is positive, proof that the patient has begun therapy for latent TB.
- Is the patient concurrently being treated with any other biologic?
- Does the patient have an intolerance, contraindication or hypersensitivity to any
  of the following agents, or has tried and failed on at least one with at least 3
  months of therapy?
  - If yes, circle all that apply. They are: 6-mercaptopurine, aminosalicylates, azathioprine, corticosteroids, mesalamine, methotrexate, sulfasalazine, hydroxychloroquine, Otezla, NSAIDs and leflunomide.
- Please provide documented failure, contraindication, or ineffective response at maximum tolerated doses to a minimum (3) month trial on previous therapy with a TNF modifier such as Humira, Simponi, or infliximab (Avsola, Inflectra, Remicade or Renflexis).
- Please include all relevant scans, tests, labs, notes to support decision to begin treatment.

## **PLEASE NOTE:**

- Please attach a copy of medication order to this document when transmitting to ARBDA/IDYLLIC. Prescription should include standard information as well as specific instructions if loading doses of desired RX is required. \*\* NOTE \*\* Please do NOT provide a prescription to the patient as they may become confused and attempt to fill at their local/specialty pharmacy.
- OUR OFFICE WILL PROVIDE & DISPENSE ALL REQUIRED MEDICATIONS
- Our office will obtain all necessary prior authorizations required and any copay assistance if qualified.
- Please notify your patient that our office will contact them when we are ready to schedule. They do NOT need to call our office to set up an appointment.
- -Please notify our office if medication will be discontinued.
